ORAL SEX & THE LAW

Here, for the first time anywhere, is the most penetrating study of the most potentially destructive moral issue of this or any other day! Oral Sex & The Law, in two volumes, contains all there is to know about the moral, legal and psychological aspects of Oral Sex. In its 385 pages, you will see, in over 180 Full Color and Black & White photographs, the complete history of Oral Sex, from its beginnings in ancient times right up to the present day bold interpretations. Following the editorial completion of this work, a Federal Court case was decided which effectually substantiates the basic premise of Oral Sex & The Law - namely

that adults in a free society should be the sole judges of what they do with their own bodies, sexually! In **BUCHANAN v. BATCHELOR**, a special statutory court, consisting of three judges sitting in the Northern District of Texas, Dallas Division, declared **A LAW AGAINST ORAL LOVEMAKING TO BE UNCONSTITUTIONAL!** In ruling that this law violated constitutional guarantees, the three judge court stated, after commenting on a number of cases which recognized the right of privacy, that there "is not sufficient reason to encroach upon the liberty of married persons in their private conduct"!!

SEE DOZENS OF CLEAR, SHARP PHOTOGRAPHS DEPICTING EVERY FORM OF SEX FROM FELLATIO TO CUNILINGUS. SEE ACTUAL MEN AND WOMEN PERFORMING WHAT SOCIETIES IN THE PAST HAVE TERMED "PERVERSIONS" AND WHAT SOCIETIES TODAY ARE ACCEPTING AS "NORMAL" BEHAVIOR!!!

SEX, PORNOGRAPHY & THE LAW

by William Edwin Sprague
Volumes 1 & 2

How old is Pornography? It is as old as mankind. Since man and woman have always enjoyed the sexual act, there has been a desire to illustrate the action on stone, on wood, on metal, on glass and probably any object that could last, for posterity to record. Due to the paradoxical nature of human sexuality, (it is universal and yet so private) the prudes throughout the ages have incessantly sought to halt the natural instinct to relate to erotic illustrations of human

sexual behavior. Sex, Pornography & The Law is a twin volume set of manuals that introduce you to a daring analysis of human society and its actions and reactions toward pungent pornography from Painting, by time honored artists, through to the elaborate high quality, Full Color books and films of Denmark and Sweden.
